Welcome to the Hawke's Bay Art Trail!

Throughout the region artists are throwing open the doors of their studios to welcome you in - meet painters, potters, sculptors, carvers and more in their special spaces. Hear what inspires them, watch them work and discover the stories behind each piece. See Hawke's Bay through the eyes of our creatives.

How to use this flyer

Use this flyer together with the Hawke's Bay Art Guide (pictured). It shows all the artists participating in the Trail this year. Their Guide listing will give you more information about their work. Look out for the bright yellow signs outside each location!

After a day exploring, get ready for a street party on Saturday night when Nuit Blanche returns to light up Napier City! Galleries are open late and a celebration of contemporary art takes over the Arts Quarter, transforming its streets and secret spaces with remarkable works and unique performances.
