ACTIVITIES & ATTRACTIONS

* ELEVATED SITE IN PARK-LIKE GROUNDS

Nestled on an elevated site in the Taradale Hills, diners at the Mission Estate Restaurant enjoy sweeping views of vineyard, Napier city and the coast beyond. Beautiful by day and spectacular by night, the vista is unparalleled in Hawke's Bay.

With a reputation for consistently high quality food and service, open seven days for lunch and dinner offering daily al fresco luncheon dining under an extensive covered terrace or candlelit dinner in the elegant, intimate dining rooms, the flavours are classic with a modern New Zealand twist and the service is exceptional.

Established in 1851 by pioneering French missionaries, Mission is New Zealand's oldest winery and the birthplace of New Zealand wines. Our wines are crafted using the latest technology, but we have never lost sight of our French heritage, using many traditional techniques handed down from our early french winemaking pioneers.

The **Mission Cellar Door** offers an opportunity to taste and purchase from our extensive range of wines to suit every palate and occasion and many historic photographs throughout the venue, speak of our heritage and how we came to be here today.
